Hi Michael S. Heath,

Our team has reviewed your content, and, unfortunately, we think it violates our **medical misinformation policy**. We've removed the following content from YouTube:

Video: [Mike Heath LIVE | 12-30-2021](#)

We know that this might be disappointing, but it's important to us that YouTube is a safe place for all. If content breaks our rules, we remove it. If you think we've made a mistake, you can appeal and we'll take another look. Keep reading for more details.

How your content violated the policy

YouTube doesn't allow content that explicitly disputes the efficacy of local health authorities' or World Health Organization (WHO) guidance on social distancing and self isolation that may lead people to act against that guidance. Learn more [here](#).

How this affects your channel

Your channel now has 2 strikes. You won't be able to do things like upload, post, or live stream for 2 weeks. Three strikes in the same 90 day period will result in your channel being permanently removed from YouTube.

What to do next

We want to help you stay on YouTube, so please:

- Make sure you understand YouTube's [Community Guidelines](#) and [strikes basics](#).
- Review your content with our policies in mind. If after reviewing your content you think we made a mistake, let us know. You can appeal this decision [here](#).
- Understand that this strike will expire after 90 days, and that deleting the content will not remove the strike.
- Remember, if your channel has been restricted from using any YouTube features, you're prohibited from using another channel to get around these restrictions. Doing so is considered circumvention under our [Terms of Service](#), and may result in termination of your account and all your channels.

Sincerely,
The YouTube Team
